Announcing a Modern European Line of Cabinetry to the Princeton Area

Tobias Design is named a preferred partner of SieMatic kitchen cabinetry in central New Jersey

Hopewell, NJ, March 16, 2011: Modern, Innovative Styling and Unique Design Elements. This describes SieMatic cabinetry. Tobias Design recently was named a preferred partner of SieMatic cabinetry, Europe's leader in kitchen interior design. SieMatic complements the existing high-quality traditional to transitional cabinetry designs on which Tobias Design has built its reputation.

For over 80 years, SieMatic has revolutionized cabinetry design for the home and consistently offers the latest innovations and products. Made in Germany, SieMatic offers custom, high-end modern cabinetry with a streamlined style and a patented MultiMatic system for high functionality in kitchen designs.

"We are honored that SieMatic has chosen Tobias Design as one of their preferred partners on the east coast," says Lisa Tobias, Owner & Designer of Tobias Design. "By adding SieMatic to the select cabinetry lines we offer, we can distinguish ourselves by offering a trend-setting but yet sophisticated line of cabinetry, catering to the most design-conscious consumer with an urban sense of style."

Tobias Design is located at 48 West Broad Street in Hopewell, New Jersey.
